Darling -

Just a card to let you know we are remembering your birthday and wishing you could be with us for the occasion - it is your first birthday that you can't have a cake from me but I'll bake one & still keep the occasion in

mind. Perhaps by another year you can be home.

Lots of Love from all of us - Mom.

This is your day
And as always it brings
The warmest of wishes
For many nice things.
Happiness always
In all that you do,
And lots of good luck
Every day the year through.
